Initial Cap Rate (Adjusted)	5.5%
Projected Hold Period	3 years

HALSTON WATERLEIGH

The property, constructed in 2021 by award-winning homebuilder D.R. Horton, is located in Winter Garden, FL within the highly desirable Horizon West master-planned community, ranked among the top three fastest growing master-planned communities in the U.S.

Ashcroft's acquisition of Halston Waterleigh secured a 2021 luxury community at a ~10% discount to replacement cost and an above-market 5.5% cap rate, while current market cap rates for this vintage are trading closer to 4.8%. The acquisition capitalized on market oversupply, positioning us to benefit from rent growth as the market stabilizes. With completions in Orlando projected to decrease by 57% in 2027*, demand for Class-A Luxury apartments like Halston Waterleigh is expected to rise.

**Past performance is not indicative of comparable future results. Market and economic conditions might change in the future, producing materially different results than those shown here. All investments have inherent risks. Additionally, "Track Record" is calculated using full cycle asset performance only, and the inclusion of performance results before assets are sold, would reduce the reported "Track Record" performance. The track record shown reflects realized property-level dispositions across Ashcroft Capital's direct investments and fund-level offerings. While one property within the Ashcroft Value-Add Fund (AVAF) has been sold, it is not included in the realized track record totals presented, as the full fund has not yet been liquidated and overall performance cannot be determined until final assets are sold. Past performance is not indicative of future results. All investments carry risk, including the potential loss of principal. ** Based on 5-Year hold for Class B Limited Partner Investment, target returns represent ranges for base case, downside, and upside scenarios. An investment in the Partnership is highly speculative and entails a high degree of risk, including the risk of loss of a Limited Partner's entire investment. There can be no assurance the Partnership will achieve its investment objectives or the Limited Partners will receive a return of their capital.*
